- You have the option to donate your items. If your item doesn't sell, it will be donated to charity.
- We have a limited number of seller spots available, so if you're considering selling we urge you to register ASAP.

Dropping off your items: Item drop off is by appointment only. When you arrive please check in at the front desk. Instructions on how to enter inventory & tag items: PLEASE READ THOROUGHLY AND CAREFULLY

1. Go to www.riverchase-tnt.com and click on Seller Instructions. You'll see numbered steps. You should've already completed steps 1-3, but if not, do so now.
2. Click on Step 4 "Item Entry & Tag Printing"
3. Login with your consignor number & password created during registration
4. Click on "Work with Consigned Inventory"
5. Click "Work with My Consigned Items (Active Inventory)"
6. Enter your inventory.
 - Once you enter your items, things that do not sell will remain in your inventory and you can make them active for a future sale.
 - Make sure size is listed & note BOY or GIRL. Number sizes only please; no S, M, L, etc. Just estimate if your item is sized in S, M, L, XL, or if there is no size listed. Include details in the description such as slim, long, etc.
 - Description should be fairly brief (color, brand, type, design, shirt, dress, etc.)
 - For toys, please determine the general age.
 - Items must be priced \$1.00 or higher & only in whole or half dollar increments.
 - Price at 1/3 of purchase price if in EXCELLENT condition, 1/4 for FAIR/GOOD condition.
 - Items of lesser value can be combined with like items (i.e. pj's, onesies, etc.).
 - **Items designated reduce will be reduced by 50% on selected discount days.**
 - Items designated donate will be donated to charity if not sold/not accepted. We **highly** encourage you to donate anything not sold. Donations benefit local charities, and it eliminates the need for you to wait on rejected items at drop off or come back and pick up unsold items at the conclusion of the sale.
7. Once all inventory is entered, click "Print All Tags"
 - Printing tags or an inventory list can be performed at any time.
 - Please print ALL tags on **WHITE CARDSTOCK** so bar codes will scan properly (regular paper is too thin and will tear easily). Before printing make sure your ink/toner level is sufficient and printer cartridges are aligned properly. Please check to see that your print quality is set to "normal" rather than "best quality" (this will print too dark).
 - After printing tags, make sure the bar code is CLEAR with no smudges or smeared ink. Cut tags along the lines and attach properly (see tagging tips).
 - Please do not reduce the size of your tags. They will not scan properly if you do so.
 - **PLEASE DO NOT PUT TAPE OVER BARCODES.**
8. Hang & tag each item accordingly.
9. Be sure you've signed up for a drop-off time. You can find sign up on the "Seller Instructions" page of our website. Bring all properly tagged items at your assigned time. You will be required to wait for any items that are rejected, unless you have selected donate.

Tagging Tips & Tricks:

- o All clothes must be hung on wire hangers & tags must be printed on cardstock.
- o Hanger hook must open to the left, and the tag must be pinned on the right side of the garment with safety pins. No straight pins. See photo below.
- o If your clothes are turned the wrong direction on the hanger you will need to correct this before check-in.
- o Attach tags to boxes or Ziploc bags with tape. If you use clear packing tape, please do not cover the entire tag.
- o Please make sure all items are properly and securely tagged. We're not responsible for lost tags.
- o Do not tie, wrap, or rubber band items together.
- o **How do I hang pants on a hanger?** Safety pin the waistband of the pants to the hanger. Do NOT fold over the hanger. Customers like to look at the whole garment, and if pants are hung by the waistband, customers do not have to remove the clothing from the hanger.
- o **How do I hang sets?** Hang the shirt on the hanger, and the shorts or pants on the back. Don't hang them under the shirt where customers can't see without it without taking the shirt off.
- o **How do I package shoes?** Package your shoes in Ziploc bags. All bags should be taped closed with the tag inside.
- o **How do I package bedding?** If you have more than one piece, DO NOT make a tag for each piece. For example, if you have 5 pieces, make the bumper pads 1 of 5, the comforter 2 of 5, etc. Just make one tag that explains what you have, and how many pieces. Then tie it all together with the tag pinned outside, or wrap the bedding in plastic wrap with the tag on the outside so we can access it.
- o **How do I package books?** Sets of books can be placed in Ziploc bags. Or you can use plastic cling wrap around the set of books and then use clear packing tape to apply tag. Individual books do not have to be placed in bags. However, please DO NOT tape the tag to the outside of the book.
- o **How do I package toys with many parts?** You can put small parts (e.g. kitchen accessories) in Ziploc bags then attach the bag to the main part (e.g. kitchen set) with clear packing tape.
- o **How do I package puzzles?** The best way is to wrap Saran wrap around the puzzle, and then secure it with clear packing tape. Just make sure your tag is on the outside and accessible. Puzzles and games that are in boxes need to have every piece. Please be considerate of others. Do not try to sell items that are incomplete. Please seal the box with clear packing tape.
